9.	<u>HEADTEACHER'S REPORT</u>	
	<p>Mrs Newberry's report had been circulated with the agenda in advance of the meeting. The main points discussed were:</p> <ul style="list-style-type: none"> • Numbers on roll remain healthy at all 3 schools, and St Keverne numbers had grown since the report was written. However, there were only 4 in the Manaccan preschool which was a cause for concern. Mrs Newberry felt that Covid had impacted, as preschool attendance was not statutory, and parents had chosen not to send their children. The preschool had reopened for only 3 full days, given the low numbers. • The number of children with SEND had risen slight in all schools. Mr Powley's support would be a real advantage. • Catch up funding would become available to schools in the New Year, and could help with staffing costs and resources to help to close gaps in the children's learning. <p>Q: Was this funding ring-fenced?</p> <p>A: Yes, it was designed to support teaching and learning and mental wellbeing. Schools could be creative but teachers must be able to demonstrate that progress was being made.</p> <ul style="list-style-type: none"> • Virtual Phonics training was planned for the staff in all schools in October. • There had been issues around drop off and pickups, particularly at Manaccan because of its 	

	<p>location. Parent governors expressed concern about the lack of adequate space in which to socially distance and for parking. Staff attempted to change the times to address this, but instead created different issues. Parent governors shared their experiences, and the meeting discussed the matter; Mrs Newberry would look at the Manaccan arrangements and report back.</p> <ul style="list-style-type: none"> Children had embraced the changes well on their return to school, and the new reception children had no worries about leaving their parents at the gate. This had been true for most schools. There was a concern that parents wouldn't get a chance to build a relationship with their child's teachers, however all 3 schools were working on this. <p>Q: What were the plans for assessment?</p> <p>A: Teachers had begun their assessments already, and were looking at the appropriate resources needed to plug any gaps identified.</p> <ul style="list-style-type: none"> Google Meet would be used for parents' evenings at St Keverne and Manaccan. Coverack were planning socially distanced, in person meetings with parents in the school field. Jigsaw PHSE was a counselling programme which provided resources for teachers to support pupil's mental health and wellbeing. Ofsted visits and spot checks could happen this term, and would look at how the return to school was managed. Inspections would then resume in the New Year. Governors thanked the staff for their considerable efforts in preparing the school for the return, and for supporting the pupils with the changes. <p>Mrs Ludbrook thanked Mrs Newberry for her report.</p>
10.	<p><u>SAFEGUARDING (GOVERNOR'S) REPORT</u></p>
	<p>Q: What safeguarding arrangements were made for children while not in school?</p> <p>A: Regular contact was made with vulnerable families during lockdown, and MyConcern used to log concerns and when contact was made. Virtual meetings carried on with the various agencies.</p> <p>Q: Are all children back in school?</p> <p>A: Yes. DSLs would be given additional release time to address any unforeseen incidents.</p> <p>Q: Were enough governors safer recruitment trained?</p> <p>A: Yes. Mrs Newberry completed her refresher training just before lockdown.</p> <p>Governors had received the updated information for September 2020 regarding the 'Keeping Children Safe in Education' document i.e. 'The Management of Safeguarding: The responsibility of governing bodies, proprietors and management committees' and governors had signed the declaration to state that they had read the information.</p>
