

PE Vision Statement

As part of a coastal county as well as one with a strong sporting heritage, the Southerly Point Multi Academy Trust engages all pupils in adventurous, cultural, creative and traditional sporting opportunities. Our PE curriculum covers 12 sporting disciplines each year and extends these pathways with extra curricula clubs, community links and competition pathways.

Our KS2 PE curriculum offers in excess of two hours of PE each week and KS1 complete two hours. Pupils engage in blocks of sailing, swimming, dance, gym, team and individual sports as well as offsite enrichment days and school camp. We focus on developing enjoyment and confidence through enabling pupils to recognise and celebrate their achievements and encourage their appetite for new challenges. We develop fundamental skills to transfer between sports and nurture valuable life skills in working successfully towards personal goals, group work and leadership responsibilities. A combination of these key beliefs, an enthusiastic staff team, a PE specialist and a county full of opportunity ensures Southerly Point offer sporting pathways for every pupil to take on into the future.

Pupils in Years 4, 5 and 6 take part in weekly sailing run by the "HRCST" ([Helford River Children's Sailing Trust](#)), in the summer term and first half of the autumn term. We are very fortunate that our children are able to take part in this fantastic learning opportunity.

Learning to swim is essential for our children, living near the coast and spending so much of their leisure time on the beach and in boats. Swimming for the whole school takes place in the Spring Term. All pupils work for the STA Watermanship and Distance Awards. These awards give them a great sense of achievement and confidence. We swim at Helston Leisure Centre .

Class teachers deliver curriculum PE sessions once a week and are occasionally supported by Mr Studd – our MAT PE teacher.

As a result of Sports Premium funding children at Coverack School have had access to a wider range of extra-curricular Sport activity throughout the year. Mr Studd has also supported members of the Coverack School staff team in developing their own PE teaching skills.

Please see the links below for our current Sports Premium Statement and information from the previous year.

Key Stage Two Annual Residential Camps

All our junior students are invited to join us on our annual school camps. We offer a lower Ks2 & upper Ks2 camp.

In 2019, both camps took place at BF Adventure near Penryn; a provider with whom we have a lot of history and who always do an outstanding job for us.

We are hoping that this year (2021), the year 3 and 4 camp will involve a one night stay during the week beginning the 7th June, followed by a 2 night stay during the week beginning 14th June for the year 5 and 6 camp.

Camp is always a fun and exciting opportunity for our students to learn some great skills; develop their independence and resilience and most importantly have fun with their teachers outside of the classroom.
